

LED Powermodule

The ATI LED Powermodule combines the efficiency and control of LED lighting with the superior coral color and light balance of T5 lighting. It's sophisticated, yet heavy-duty curved housing make it perfect for those who value both style and performance.

Unbeatable Performance: Combines the control and energy efficiency of LED lighting with the superior coral color and light balance of T5 lighting. No more loss of coral color and uneven growth produced by many LED-only fixtures. Plus, the active cooling system allows lights to run at a more optimal temperature for improved output and bulb-life.

Complete, 24-Hour Lighting Control: Produce realistic sunrise-sunset effects, cloud sweeps and moon light simulations.*

Endless Color Control: Each 75W LED cluster features four independently-programmable LED color channels – full spectrum white, blue, royal blue and red. Each channel is capable of 0-100% dimming.

Stylish Design: The sleek, heavy-duty body is durable and rust-proof. All components, except the LED power supply, are enclosed in the fixture housing.

Easy-to-Use: Intuitive, computer-based control software makes adjusting your lighting simple.

Plug & Play: With the integrated controller, there is nothing more to buy.

Excellent Build-Quality: Constructed of high-quality materials and assembled using modern production techniques.

These are general guidelines only. Many factors, such as tank depth, types of corals, and coral placement can affect individual lighting needs. Please contact your dealer if you need additional assistance in determining the appropriate size light for your tank.

* Sweep effect not available on 24W units.

** T5 dimming not available on 80W units.

- Built-in Controller
- Individual Parabolic Reflectors made from Silver-coated 98% Reflective Aluminum
- Active Cooling System
- Electronic Ballasts
- Acrylic Shield
- Sleek, Adjustable Hanging Kit
- 1-Year Manufacturer's Limited Warranty

Item #	Description	Gallons
ATI2601	24" 1x75W LED & 4x24W T5*	40-70
ATI2603	24" 1x75W LED & 8x24W T5*	70-110
ATI2605	36" 2x75W LED & 4x39W T5	80-120
ATI2607	36" 2x75W LED & 8x39W T5	120-180
ATI2609	48" 3x75W LED & 4x54W T5	110-180
ATI2611	48" 3x75W LED & 8x54W T5	160-260
ATI2613	60" 4x75W LED & 4x80W T5**	160-250
ATI2615	60" 4x75W LED & 8x80W T5**	240-380
